Re: the 10% wage subsidy

The 10% subsidy is available to any charity as long as they paid out wages within that time period. There is no proof of lost income needed. For the 30% subsidy, it does not matter how much money is in the bank as long as you can prove that the charity's income is 30% lower than the same month the previous year you are eligible for the subsidy. Charities do not need to apply. The gov't will send us the information
